

Unique learners. Limitless learning.

Legislation and Guidance	This policy complies with the statutory requirement laid out in the SEND Code of Practice 0-25 (updated Sept 2024) and has been written with reference to the following guidance and documents: • Special Educational Needs and Disability (SEND) Code of Practice and the following legislation: Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities and The Special Educational Needs and Disability Regulations 2014 which set out schools' responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENDCOs) and the SEND information report. • Equality Act 2010: Advice for schools DfE This policy should be read with reference to our Accessibility Policy and Assessment, Recording & Reporting Policy.
Newton Bridge Academy Overall Aims	At Newton Bridge Academy we aim to create an environment that meets the special educational needs of each pupil and to ensure that the needs of all our pupils are clearly identified, assessed and provided for. Our focus is to enable all pupils to access a broad and balanced school curriculum. We work hard to ensure that parents/carers and agencies play a key role in supporting a child's education and that our pupils have a voice in this process.
Our Vision	At Newton Bridge Academy, we see every member of our school community as a 'unique learner' capable of 'limitless learning', through the acceptance and celebration of diversity, pupils' rights and the belief that all children and young people can learn, achieve and fully participate in school and wider community life, whatever their circumstances. We are committed to a 'strengths not deficit' based approach to understanding and exploring learning 'differences' rather than learning 'difficulties', and in doing so we place the unique talents and abilities of every pupil at the heart of what we do, celebrating progress and success in all its forms.
Aims of the SEND Policy	• To ensure that all our pupils have access to high quality provision that has been outlined in their Education, Health and Care Plan (EHCP). • That all those professionals involved have the opportunity to actively identify and respond to the needs of the pupils. • To ensure that all systems and practices support our vision and intent. • To ensure that all our pupils' needs are met through high quality teaching and personalised provision.

Unique learners. Limitless learning.

Provision	At Newton Bridge Academy, the provision that we offer is personalised and tailored to meet the individual needs of all our pupils. Newton Bridge Academy comprises of two sites: Newton West and Newton East. Our school community includes pupils with Moderate Learning Difficulties, Severe Learning Difficulties, Profound and Multiple Learning Difficulties, Autism Spectrum Disorder, ADHD, communication difficulties, sensory needs, physical needs, and/or social, emotional, mental health needs. All our pupils have an Educational, Health and Care Plan. Applications to the school are determined by the Local Authority. At Newton Bridge Academy we understand that the learning journey for each individual pupil will be personal and unique and so our whole school curriculum has been designed with this in mind. Our curriculum is flexible, creative and ambitious for all, and is characterised by pre-formal, informal, semi-formal and formal learning pathways to reflect the range of developmental needs, differences, abilities and aspirations of our diverse pupil population. The school offers a bespoke, broad and flexible curriculum to allow deep learning within each pathway, incorporating advice and therapies from all professionals involved with the pupils.
Educational Inclusion	We aim to offer excellence and choice to all our pupils, whatever their ability or needs. We have high expectations of all our pupils. We aim to achieve this through the removal of barriers to learning and engagement. We want all our pupils to feel that they are a valued part of our school community. Through appropriate curricular provision, we respect the fact that our pupils: • Have different educational, emotional and behavioural needs and aspirations. • Require different strategies for learning and engagement. • Acquire, assimilate and communicate information at different rates. • Need a range of different teaching approaches, experiences and assessment tools to measure progress. • Communicate in different ways using a variety of strategies • May have English as an additional language.
Working in Partnership with Parents/Carers	We encourage an active partnership through an on-going dialogue with parents/carers.

Unique learners. Limitless learning.

	Parents and carers are encouraged to work alongside staff and be involved in the education of their child. They are encouraged to attend different events such as Open days, Parent's Evenings, as well as their child's Annual Review EHCP meeting, to discuss progress and individual targets. We take into account the parents/carers concerns and we ensure that everyone has an understanding of the agreed outcomes. The home-school agreement is central to this. Pupils in the Early Years, pre-formal, informal and semi-formal pathways use Evidence for Learning systems which allow images and reports to be shared between home and school in a secure and private manner. We also use the online platform Class Dojo regularly for sharing updates with families.
Pupil Participation	We encourage our pupils to take responsibility and to make decisions. This is part of the culture of our school and relates particularly to the election of the school council, Eco group, and Head Boy/Head Girl, allowing them to become involved in school decision-making. Our pupils are involved at an appropriate level in setting their personal targets and are encouraged to make judgements about their own performance in lessons. We recognise and celebrate success in all aspects of school life.
The Annual Review Process	The Education, Health and Care Plan is reviewed annually. The review process allows for any amendments to be made to the EHC plan in relation to Education, Health and Care to ensure that it is up to date for the individual and their needs. • All interested professionals are invited to attend or send reports for the review meetings. • The meetings are chaired by Class Leads, supported by the SENDCo. • The reviews are conducted following the recommendations of the Code of Practice issued by the DfE. • Where appropriate, pupils are encouraged to attend their own annual review and express their views and opinions. • Parents/carers or the school can request an early review if necessary. The decision to amend an Education, Health and Care Plan, or funding allocation is made by the Local Authority although the school will make recommendations based on evidence gathered in school.
Partnership with Outside Agencies	We are committed to working in partnerships with other agencies to support the needs of our pupils. We work collaboratively with Speech and Language Therapists, Physiotherapists, Occupational Therapists, Educational Psychologists, Sensory Education Support Team (SEST), other specialist teachers and follow strategies and support programmes as recommended. At Newton Bridge Academy, we also work closely with Social

Unique learners. Limitless learning.

	Care, the Lincolnshire children's Safeguarding Partnership, The Early Support and Care Coordination Team (ESCO), The Children and Adolescent Mental Health Services (CAMHS), Healthy Minds, Portage and the Virtual School.
Allocation of Resources	The Deputy Headteachers and SENDCo are responsible for the operational management of the specified and agreed resourcing for special needs provision as stated within a pupil's EHCP. The Headteacher informs the Local School Board of how the funding allocated has been used.
Access to the Curriculum	All our pupils have an entitlement to a broad and balanced curriculum, which is differentiated to enable them to: Understand the relevance and purpose of learning activities; Experience levels of understanding and rates of progress that bring feelings of success and achievement. Pupils may be taught 1:1, in small groups or whole class depending upon the activity. Alternative Provision may also be available where appropriate. All planning, both medium term and short term, is highly differentiated within each class. Each class has a full-time equivalent teacher/instructor and a teaching assistant where applicable. Every pupil has their own EHCP related targets (IPPs) which identifies long-term and short-term objectives. Target setting, which is employed through a small-steps approach; feature significantly in the provision that we make in the school. By breaking down the existing levels of attainment into finely graded steps and targets, we ensure that our pupils experience success. Our aim is to provide a curriculum that is relevant, broad and helps our pupils to become as functionally literate, numerate, communicative and as independent as possible in an environment that promotes positive learning experiences.
Transitions to Newton Bridge Academy	At Newton Bridge Academy, we recognise the importance of a successful transition into school. Pupils and families new to the schools are invited to an Implementation Meeting where a personal plan is drawn up with a range of different internal and external professionals. This ensures that the relevant support is given to enable the pupil to achieve their EHCP outcomes. There isn't a fixed model, but all families and pupils can expect some of the following: • An assigned lead professional who will oversee the transition process. • The lead professional will consult with all relevant external agencies to ensure the school have all relevant documentation prior to the meeting. • A series of transitions meetings that might include home visits, where necessary.

Unique learners. Limitless learning.

	• Where possible the SENDCo or a member of the leadership team will attend the pupil's annual review with current school. • Pupils entering the school might be offered a staggered entry after a discussion with families and agencies, regardless of their age.
Transition within Newton Bridge Academy	Transition within school is carefully planned and every pupil is supported with the changes they may encounter. From Year 9 onwards, our Careers Advisor supports parents/carers and works with the pupils to begin conversations about next steps. In Year 10, we also hold an additional Transition Review that enables the school to ensure that a robust plan is in place to provide the pupils with a smooth transition to their chosen Post 16 placement.
Transition from Newton Bridge Academy	Transition is discussed with parents/carers and our pupils. With the support of staff, a plan is put in place for the most appropriate next steps. We work hard to ensure that all our pupils can communicate effectively, feel confident in their new environment and are prepared for adulthood. We will share information with the school, college, or other setting the pupil is moving to. We will agree with parents/carers and pupils which information will be shared as part of this. A representative from the pupil's chosen Post 16 placement is also invited to their Year 11 Annual Review. For our learners in Post 16, we offer a curriculum that focuses on becoming independent, accessing the local community and gaining vocational skills to support their transition into adulthood. We assist in applications, taster days and planned transitions for pupils in Year 11 and 14.
Monitoring and Review	SEND Provision is overseen by the Headteacher and SENDCo. They provide regular summaries of the impact of the policy on the practice of the school. The Local School Board is scheduled for regular visits, to challenge and ensure best practice. Every pupil's provision is monitored through their regular IPP targets review and the Annual Review of their EHCP. All subjects and planning are monitored by Subject Leaders. The policy will be reviewed by the SENDCo every year. It will also be updated if any changes to the information are made during the year. It will be approved by the Local School Board.
Staff Training	As a specialist setting, we are committed to the continuous professional development of all staff to ensure that they have the skills, knowledge and understanding to support our pupils.
